–None of the price includes the framing cost. For FRAMING please discuss with us for your requirement and we will do framing accordingly. The cost varies depending on the type of frame and its size.

–The photograph provided by the client for portrait should be good in clarity and resolution for better result. If the photograph is not of good resolution and the basic feature and characteristics of the person is not visible, the portrait will not have a higher accuracy. So we request you to provide us the best resolution and most clear picture of the person. In case of a bad quality photograph the customer should not expect the artist to deliver 100% accuracy. The accuracy will be according to the clarity of the picture given to artist.
